(David Hampton)

(verse)

Insatiable appetite,
She likes to scratch and loves to bite,
Blows the light bulbs in my room,
She's gonna lead me to my doom.

(verse)

Ah, she's somethin' I just can't let go,
Even though she always hurts me so.
She's my nympho from Antonio,
My nympho from Antonio.

(verse)

Elvira and Medusa too,
She's every witch I ever knew.
She leads me up her mountains high,
Then she drops me limp and dry.

(heavy music bridge)

(chorus)

Here she comes,
And there she goes.
My nympho from Antonio,

(verse)

Covers me from head to toe,
With white hot kisses and I'm back for mo.
She's my nympho from Antonio,
My nympho from Antonio.

Ya, ya, ya, ya,

Nympho from Antonio
